

PING

G430 FAIRWAYS

*Trajectory Tuning 2.0
hosel adjusts loft
+/-1.5°, and lie up
to 3° flat.*

INTRODUCING CARBONFLY WRAP

Composite crown saves weight to lower CG, raise MOI

Thin, flexible maraging-steel face increases ball speed

Variable roll radius face provides consistent spin

Tungsten sole weight ensures forgiveness

Available in MAX (3, 5, 7, 9) and SFT (3, 5, 7)

*Lightweight
composite crown
wraps into the heel
and toe of the skirt
to save weight.*

SPINSISTENCY

*A variable roll radius creates less loft low on the face to improve
performance on thin shots by reducing spin and increasing ball
speed for added distance.*

FACEWRAP TECHNOLOGY

*Thin high-strength maraging-steel face wraps into
the sole and crown to increase flexing and
generate faster ball speed with a higher
launch for greater distance.*

DISTANCE WITH FORGIVENESS

SFT = +7 YARDS

CLUB	LOFT (ADJ. +/-1.5°)	LENGTH	SWINGWEIGHT
3	16°	43"	D0
5	19°	42.5"	D0
7	22°	42"	D0

MAX = +4 YARDS

CLUB	LOFT (ADJ. +/-1.5°)	LENGTH	SWINGWEIGHT
3	15°	43"	D1
5	18°	42.5"	D1
7	21°	42"	D1
9	24°	41.5"	D1

PING STOCK SHAFTS

ALTA CB BLACK 65 (SR, R, S)

PING TOUR 2.0 CHROME 65/75 (R, S, X)

PING TOUR 2.0 BLACK 65/75 (S, X)

ALTA QUICK 35/45

OPTIONAL STOCK NO UPCHARGE

PROJECT X HZRDUS SMOKE RED RDX
60 (5.5), 70 (6.0, 6.5)

MITSUBISHI KAI'LI WHITE 70 (S, X)

TRAJECTORY TUNING 2.0
